

12:00 - 18:00 REGISTRATION, SLIDE PREVIEW

**Hall - A**

09:00 - 19:00

BOARD MEETING**Hall - B****1st Satellite Symposium****EPNS**

Taking care of comorbidities in complex early-onset epilepsies

Organisers: **Alexis Arzimanoglou** (Paris),
Helen Cross (London)

14:00 - 15:30

Early-onset complex epilepsies: electro-clinical characteristics and associated comorbidities

Alexis Arzimanoglou (Paris)

Language and cognitive impairment in children with CSWSS: treatment issues

Round Table: **Helen Cross** (London), **Marie-Noelle Metz-Lutz** (Strasbourg), **Eliane Roulet-Perez** (Lausanne)

15:30 - 16:00

Coffee break

16:00 - 17:00

Psychopathology in children with complex early-onset epilepsies, **Frank Besag** (London)Treating hyperactivity and attention disorders in children with complex early-onset epilepsies
Bert Aldenkamp (Maastricht)**Hall - C****2nd Satellite Symposium****EACD/parents**

Early intervention in Autism Spectrum Disorders

Organisers: **Lennart von Wendt** (Helsinki)
Gunilla Thunberg (Gothenburg)
Jasmina Frey Škrinjar (Zagreb)

14:00 - 15:45

Opening remarks, **Lennart von Wendt** (Helsinki)Early signs and early detection of autism
Christopher Gillberg (Gothenburg)A child with autism was born in a Swedish family. My personal experience and my views on the support offered by the society and the organisations. **Gunilla Thunberg** (Gothenburg)Intervention in autism in the light of scientific studies
Lennart von Wendt (Helsinki)

15:45 - 16:15

Coffee break

16:15 - 18:00

Communication in autism. What can we do?
Gunilla Thunberg (Gothenburg)Early intervention in autism. The appropriate help at the appropriate time. Experiences in Hungary, **Judit Simo** (Budapest)The principles of ABA. **Francesca degli Espinosa** (Southampton)Experiences of ABA-therapy in Croatia
Jasmina Frey Skrinjar (Zagreb)Concluding remarks - waiting for the final breakthrough in the understanding of autism, **Christopher Gillberg** (Gothenburg)

08:00 - 18:00 REGISTRATION, SLIDE PREVIEW, INFO DESK

Hall - A

Hall - B

Hall - C

3rd Satellite Symposium**EPNS/EACD**

[New insights in ADHD: relevance for the clinician](#)

Organisers: **Hans Forssberg** (Stockholm)

Lieven Lagae (Leuven)

09:00 - 11:00

Cognitive dysfunctions in ADHD, **Joseph Seargent** (Amsterdam)

Neurobiology of ADHD – imbalance of dopamine regulated cognitive functions, **Hans Forssberg** (Stockholm)

Genetics of ADHD, **Philip Asherson** (London)

11:00 - 11:30

Coffee break

11:30 - 13:00

Perinatal risk factors for ADHD, **Lieven Lagae** (Leuven)

Long-term outcome multimodal treatment

James Swanson (NY, California)

4th Satellite Symposium**EACD**

[Disorders of auditory processing and language disorders](#)

Organiser: **Anne O'Hare** (Edinburgh)

09:00 - 11:00

Introduction, **Anne O'Hare** (Edinburgh)

Auditory Processing, **David Moore** (Nottingham)

Acquired Disorders of Auditory Processing,

Doris-Eva Bamiou (London)

11:00 - 11:30

Coffee break

11:30 - 13:00

Specific Language Impairment, **Anne O'Hare** (Edinburgh)

Acquired Brain Injury and Language Development,

Anna Chilosi (Pisa)

08:00 - 18:00 REGISTRATION, SLIDE PREVIEW, INFO DESK

**Hall - A**

14:00 - 15:30

Castang lecture: **Vittorio Gallese** (Parma)

Mirror neurons, embodied simulation, autism

Keynote lecture: **Ivica Kostović** (Zagreb)MR imaging of the connectivity related cellular zones
in developmental cerebrum of human fetus and preterms

15:30 - 16:00

Coffee break

16:00 - 17:30

Parallel 1

EPNS

[Neuroprotection - state of the art](#)Organiser: **Hrissanthi Ikonomidou** (Dresden)Prevention of brain damage by induced
hypothermia in asphyxiated newborn infants**Thomas Hohn** (Dusseldorf)

Neuroprotection in early life

Philippe Evrard (Paris)Role of sedative and antiepileptic drugs in
neonatal brain injury**Hrissanthi Ikonomidou** (Dresden)

17:30 - 18:30

Free paper session I

Hall - B

15:30 - 16:00

Coffee break

16:00 - 17:30

Parallel 2[Understanding and treating early social and communication
disorders: mirror neuron model](#)Organiser: **Catherine Barthelemy** (Tours)

Emotional learning and the "Mirror Neuron" System

Justin Williams (Aberdeen)Imitation, a communication without words for children with
severe autism, **Jacqueline Nadel** (Paris)Sensorimotor and emotional reciprocity: early rehabilitation
strategies in autism, **Catherine Barthelemy** (Tours)

17:30 - 18:30

Free paper session II

Hall - C

15:30 - 16:00

Coffee break

16:00 - 18:30

Workshop 1[Upper limb rehabilitation and measurement of outcomes for
children with hemiplegia](#)

Organisers:

Roslyn Boyd (Queensland),**Ann-Christin Eliasson** (Stockholm),**Lena Krumlinde-Sundholm** (Stockholm)

19:00 WELCOME RECEPTION AND OPENING CEREMONY

07:30 - 18:30 SLIDE PREVIEW, INFO DESK

08:00 - 09:00 MEET THE EXPERT SESSION: Communication with parents on early diagnosis and prognosis, **Martin Bax** (London)
Cerebral palsy: a motor disorder or a perceptual-motor disorder? **Giovanni Cioni** (Pisa)**Hall - A**

07:30 - 09:00

Morning instructional course 1

The multifaceted framework of the ICF – relations within and between domains

Presenter: **Eva Brogren Carlberg** (Stockholm)

09:15 - 10:00

Keynote lecture: **Varga Khadem** (London)
Basic mechanism of early communication disorder

10:00 - 10:30

Coffee break

10:30 - 12:00

Parallel 3

Neurophysiological evidence for rehabilitation of disabilities

Organiser: **Giovanni Cioni** (Pisa)Molecular basis of environmental intervention: evidence from animal and human studies, **Nicoletta Berardi** (Florence)Neurophysiological and fMRI evidence of treatment of congenital motor disorders, **Martin Staudt** (Tubingen)Alternative neural pathways for treatment of cerebral visual disorders, **Andrea Guzzetta** (Pisa)

12:00 - 13:00

Free paper session III

13:00 - 14:00

Lunch time & guided poster session

Hall - B

07:30 - 09:00

Morning instructional course 2

Surveillance of CP in Europe

Presenter: **Ingeborg Kraegeloh-Mann** (Tubingen)

10:30 - 12:00

Parallel 4

Predictors of communication and language disorders

Organiser: **Marta Ljubešić** (Zagreb)Features of prelinguistic communication as predictors of developmental disorders, delay or normal outcome, **Marta Ljubešić** et al (Zagreb)Polish late talkers screened with MacArthur-Bates CDI at 2: Follow up at 3;6., **Magdalena Smoczynska** (Krakow)Of late talkers and little doers. The neurodevelopment of consistent and transient late talkers. **Peter Marschik** et al (Graz)Emergent literacy intervention for young children with language impairment, **Laura Justice** (Columbus)

12:00 - 13:00

Free paper session IV

Hall - C

07:30 - 09:00

Morning instructional course 3

PEDI

Presenter: **Lena Krumlinde-Sundholm** (Stockholm)

10:30 - 13:00

Workshop 2

Audio rehabilitation after cochlear implant

Organiser: **Branka Šindija** (Zagreb)Neonatal screening as prerequisite in early diagnostics: **Borut Marn** (Zagreb)Early diagnostics and early intervention in hearing impairment, **Sanja Vlahović** (Zagreb)Phonetics before speech, **Vesna Mildner** (Zagreb)Rehabilitation of cochlear implant children with additional disabilities, **Sara Petra Mihaljević** (Zagreb)Implications of preoperative status on postoperative outcome, **Branka Šindija** (Zagreb)

07:30 - 18:30 SLIDE PREVIEW, INFO DESK

**Hall - A**

14:00 - 14:45

Keynote lecture: **Ingeborg Kraegeloh-Mann** (Tubingen)
Consequences of early brain lesions and plasticity

14:45 - 15:30

Keynote lecture: **Giuseppe Buonocore** (Siena)
Mechanisms and timing of neonatal brain damage:
the role of perinatal infections

15:30 - 16:00

Coffee break

16:00 - 17:30

Parallel 5**Infection and the developing brain**Organiser: **Vlatka Mejaški-Bošnjak** (Zagreb)

Pathogenesis of congenital CMV infection: animal model,
Stipan Jonjić (Rijeka)

Neurodevelopmental outcome of children with congenital
CMV infection, **Vlatka Mejaški Bošnjak** (Zagreb)

Passive immunization during pregnancy for prevention of
congenital CMV infection, **Giovanni Nigro** (Rome)

17:45 - 19:30

GENERAL ASSEMBLY

20:30

GALA DINNER

Hall - B

16:00 - 17:30

Workshop 3**Orthopaedic aspects to cerebral palsy**Organiser: **Henry G. Chambers** (San Diego)Moderator: **Eva Brogren Carlberg** (Stockholm)

Gait and clinical motion analysis

Botulinum toxin therapy for CP

Orthopaedic surgical approaches

Hall - C

16:00 - 17:30

Workshop 4**Oral motor disorder**Organiser: **Manuel Roig** (Barcelona)Moderator: **Lindsay Pennington** (Newcastle upon Tyne)Congenital oro-motor disorders, **Manuel Roig** (Barcelona)

Practical management of oro-motor disorders in infants and
young children, **Helen Cockerill** (London)

07:30 - 18:30 SLIDE PREVIEW, INFO DESK
 08:00 - 09:00 MEET THE EXPERT SESSION: Orthopaedic treatment in CP, **Henry G. Chambers** (San Diego)
 Eating in children with disability, **Hellen Cockerill** (London)

Hall - A	Hall - B	Hall - C
